

GALLIANO MARINE SERVICE, LLC

To Whom It May Concern:

The vessel, C-Commodore, owned by Alpha Marine Services, LLC; and operated by Galliano Marine Service, LLC; will be making transit from Rio de Janeiro, Brazil to the US Emission Control Area via Trinidad. When our vessels make a transit from Brazil to Port Fourchon, LA, USA, they sometimes stop in Trinidad, where low-sulphur diesel is sometimes available. The C-Commodore will be making this stop; however, the 0.1% sulphur fuel will not be available to bunker for use on the portion of the trip in the US ECA.

Attached you will find, in addition to this certification letter:

C-Commodore's Voyage Plan from Trinidad to Port Fourchon, LA
Contact information for the fuel supplier in Trinidad
Letter certifying that LS diesel is unavailable in Brazil
FONAR/FOND spreadsheet completed

I certify under penalty of law that the statements and information made herein are, to the best of my knowledge and belief, true and complete. I am aware that there are significant penalties for knowingly submitting false statements and information, including the possibility of fines and imprisonment pursuant to 18 U.S.C. § 1001.
